

Hello,

Congratulations on getting featured on Wall of Portfolios! 🎉

Only 30% of the portfolios we receive make it to the Wall — and yours is among them. This is a recognition of the hard work, creativity, and innovation you've put into building your portfolio.

Inside this kit, you'll find official Wall of Portfolios badges and assets. Use them proudly when sharing on social media — they're a mark of your achievement and a way to inspire others in the design community.

We're honored to have your work on the Wall.

Best regards

J. Praneeth Reddy
